SKILLS

-
- **Languages:** HTML, CSS, JavaScript, C++
 - **Frameworks:** Express, Next.js, Bootstrap
 - **Tools/Platforms:** Git, GitHub, Node.js, VS Code
 - **Library:** React, CSS
 - **Soft Skills:** Problem-Solving, Time Management, Analytical Thinking, Team Collaboration, Adaptability
 - **Database:** MongoDB, MySQL

PROJECTS

-
- **History Chatbot(python + NLP)| [Live Link](#)** October 2025 – December 2025
 - Developed an interactive chatbot capable of answering historical questions.
 - Used NLP techniques like tokenization, stemming, and intent detection.
 - Implemented using Python, NLTK/Spacy, and a simple rule/ML-based model.
 - Integrated user-friendly interface for smooth interaction.
 - **Tech Used:** Python, Streamlit, Google Generative AI (Gemini API), dotenv, OS module.
 - **Election Analysis Dashboard(Python)| [Live link](#)** June 2025 – August 2025
 - Cleaned and pre-processed real-world election datasets by handling missing values, removing inconsistencies, and standardizing data for analysis.
 - Performed exploratory data analysis (EDA) to identify voting patterns, turnout variations, and party performance trends.
 - Analysed voter turnout, vote share distribution, and demographic influences across regions and election cycles.
 - Output: Generated visual and statistical insights revealing voter turnout trends, party performance comparisons, and voting pattern analysis from election datasets.
 - **Tech Used:** Python, Pandas, NumPy, Matplotlib, Seaborn.
 - **Hospital Appointment Scheduler | [Live link](#)** September 2024 – December 2024
 - Developed a full-stack online appointment system featuring patient registration/login, streamlined booking workflows, automated reminders, and secure data handling.
 - Implemented real-time doctor availability with dynamic slot updates, ensuring a smooth and error-free scheduling experience for patients.
 - Built a comprehensive doctor/admin dashboard to manage schedules, view patient records, track appointment history, and oversee system activity.
 - **Tech Used:** HTML, CSS, JavaScript, PHP, SQL, Firebase Hosting

CERTIFICATES

-
- | | |
|-------------------------------------|----------------|
| • Python ML/AI
CSE PathSala | March 2024 |
| • AI Tools Workshop
Be10X | September 2025 |
| • Power BI workshop
OfficeMaster | September 2025 |
| • Computational Theory
Infosys | August 2025 |

EXTRACURRICULAR

□ Hackathon Participation:	March
2024	
Participated in a competitive hackathon, achieving a Top 20 position among multiple teams, where I demonstrated strong problem-solving, teamwork, and technical skills.	

EDUCATION

Lovely Professional University	Punjab, India
• Bachelor of Technology - Computer Science and Engineering; Current CGPA: 6.38	Since August 2023
Eklavya International Academy	
• Matriculation; Percentage: 71.2%	Jaipur, India
